KICKBOXING: A fun workout combining non-impact kickboxing elements such as blocks, jabs, and kicks in heart-pumping cardio combinations. Strength training will also be added to this class to give you that total-body workout, allowing you to burn fat and calories and tone muscles. This workout can be modified to accommodate all fitness levels.

PIYO: A high-energy, low impact workout that blends the strength and flexibility of Pilates with the flow and power of yoga. The class builds core strength, improves balance and mobility and gets your heart rate up without high impact moves. Perfect for all fitness levels.

SILVER SNEAKERS BOOM MOVE: is a dance inspired workout designed to get your heart pumping and your body moving! This fun, full body cardio workout combines easy to follow dance routines with upbeat, energizing music to keep you motivated throughout the entire class.

SILVER SNEAKERS CLASSIC: This program is designed to provide a fun and challenging way for you to continue the lifelong journey of holistic health. The program is easily personalized to address multiple fitness levels and differences in health needs. A variety of equipment and techniques will be used in this program. Chairs will be used for some of the exercises and will be available to you as necessary to work toward improved strength and endurance. SILVER SNEAKERS YOGA: This fitness program designed for older adults, focusing on seated and standing yoga poses to improve flexibility, balance, and range of motion. It's a beginner-friendly class that can be adapted for various skill levels. The classes, typically 45 minutes long, often incorporate chair support and restorative breathing exercises.

STRENGTH & BALANCE: Strength work to improve posture and alignment, and increase range of motion while toning and strengthening major muscle groups.

STRETCHING: Release tension, improve flexibility, and move with ease in this relaxing stretch class using foam rollers. Guided movements and gentle pressure help loosen tight muscles, increase mobility, and promote recovery—perfect for all fitness levels and a great complement to any workout routine

TABATA: High Intensity Interval Training (HIIT) using the 20-10 Microburst Training Protocol (20 seconds work, 10 seconds rest). Workouts are short in duration and designed to boost post exercise calorie burn so your metabolism keeps burning more calories long after the exercise is over. Participate in Tabata workouts that will result in true, successful weight loss and muscle gain.

YIN YOGA: Yin yoga is designed to increase flexibility by holding poses for longer periods of time, allowing both muscles and connective tissues to stretch. Most poses are very accessible, even for beginners. Stretch your body; stretch your mind!

ZUMBA®: We take the "work" out of workout, by mixing low-intensity and high-intensity moves for an interval-style, calorie-burning dance fitness party. Once the Latin and World rhythms take over, you'll see why Zumba® Fitness classes are often called exercise in disguise.
